Projects

Personal Website
Created my personal website in order to showcase my work in design and computer science. Built using HTML5 and CSS. URL: http://danirowedesign.com/

StormSafe
Website created at MLH SheHacks Hackathon with team members Tina Wu, Fiona Gridley, Fiona Gillespie, and Anna Masciandaro. Created in order to provide information on potential natural disasters based on the location of the user and create a preparadness plan.
URL: www.StormSafe.ca

Awards and Community Involvement

Senior Service Award
Received award for planning and implementing a weekend camp for girl scouts and leaders. Created theme. Design team lead for t-shirt and flyers. Worked with troop to create activities, hikes, opening and closing ceremonies.

Visionary Award
Received award for researching and taking action to improve the community for girls. Troop created a workshop teaching beginning circuitry skills to girls (and boys) at the public library Makers Day.

Community Service
Over 150 hours total of volunteering and peer tutoring during high school.

Clubs

NUHOC
Northeastern Huskiers and Outing Club. Skiing and Hiking excursions several times a semester.

Spectrum Magazine
Art selection committee member for Northeastern's visual and literary arts magazine.

Education

Northeastern University
Major:
Computer Science & Design
Achievements:
Dean's List
Academic Scholarship

Recent Coursework

Algorithms and Data
Discrete Structures
Fundamentals of Computer Science 1
Fundamentals of Computer Science 2
Design Process Context and Systems
2D Design Fundamentals

Programming Languages

Proficient in Java, CSS, and HTML5
